THANK GOODNESS WE'VE FOUND EACH OTHER!
Right now it feels more important than ever to create
a positive alternative to the prevailing narrative.
It just seems so vital to be able to remind ourselves
how much fun we can have together,
how important it is to celebrate that which unites us,
and not to obsess about the tsunami of crap
that leads us towards division and fear... x B

9th-13th July 2026

Thursday to Monday
